

Find Your Fit - my a-line skirt -

About the fit

My A-line skirt is fitted through the wide yoke at the waist and then gently flares to be semi-fitted through the hip. This picture shows the simply beautiful option.

Pattern Details

- Wide fitted yoke - the yoke measurement is approx. 1" below the natural waist
- Side zipper
- Gentle A-line
- Bias binding used to easily finish the yoke edge
- 3 main skirt options:
 - * Stripped fantastic
 - * Pieced fancy
 - * Simply beautiful
- Main skirt can be made in a woven or knit fabric.

Size XL	n/a	40" (101cm)	48" (122cm)	23" (58.5cm)
Size XXL	n/a	42" (106cm)	50" (127cm)	23½" (60cm)

General Guide to ease -	Fitted	Semi - Fitted	Loose - Fitted
	0-3" (0 - 8cm)	4"- 6" (10 - 15.5cm)	7" + (18cm +)

NOTE: I aim to measure at least one size, usually a Size M. Generally speaking the difference between sizes is 2"(5cm) in width and 3/8" (1cm) in length. The length of the skirt is calculated for the height of 5 feet 8 inches (173cm). To lengthen or shorten you're a-line skirt for any option, this is done at the hem line on the pattern.

Ease Key

How much ease is in your garment? Compare the finished garment measurements to your body measurements to determine the amount of ease.

The difference between measurements is the actual amount of ease the pattern has. With this information, you can double check your pattern's ease allowance, ie. How loose or tight it will be on your body.

For more information on ease, go to the tutorial section at my website:
